

HOLY WARS

Painting Checklist &
Army Building Pools

Last updated: 12/16/15 Holy Wars Council may update these rules as needed.

Holy Wars 2016 Painting Checklist

“Review the Painting Checklist to make sure you get your points!”

30 points are available

Category 1: Tabletop Quality (10 points possible)

- 4 points: The army is entirely painted to a three color minimum standard.
- 3 points: Bases of models are textured to a basic level
- 3 points: When looking at the army it is visually cohesive

___/10

Category 2: Hobby Apprentice (1 points for each 10 points possible)

- Painted scenic display board is used to present the army
- Army is displayed with a basic name-plate/card including army title and player name
- All models have consistent basing material/paint applied to all bases
- Some models have intricate basing
- Bases are consistent throughout the army
- Basic shading (use of washes and/or glazes)
- Basic highlighting
- Basic blending
- Banners display use of basic freehand or decals
- Basic details of models are painted

___/10

Category 3: Hobby Master (2 points for each 10 points possible)

- Army displays advanced painting techniques (examples below)
 - Wet blending,
 - Non metallic metal
 - Object source lighting
 - Extreme Detailing: eyes, claws and teeth
- Army displays advanced freehand (examples below)
 - Banners/flags uniquely painted/designed using more than 3 colors
 - Fabric designs
 - Metal etching
 - Reflections
- Army models are converted and dynamically posed (examples below)
 - Kit bashing beyond weapon swaps
 - Sculpting
- Army bases have detailed basing techniques (examples below)
 - Additional rocks beyond basic sand
 - Bases are built up using cork or other materials
 - Additional foliage or scatter materials
 - Custom cast bases
- Army display board thematically tells a story using terrain or buildings and has a themed name-plate/card that matches the display board

___/10

Scoring and Scenario Intel

Scoring

SCORING SYSTEM

There are 180 points available over four categories

12 PTS ATTENDANCE

12 points for showing up and playing all 6 games

120 PTS BATTLE

There are 120 points available over the 6 games. A player can get a maximum of 20 points if by winning all the objectives listed below.

Table/Terrain Objective:	9 pts
Grail Token Objective:	6 pts
Secret Mission Objective:	3 pts
Most Surviving Deployed Pools:	2 pts

30 PTS APPEARANCE

30 points available to all players. Be sure to review the Painting Checklist to make sure you get your points!

Scenarios & Secret Missions

SCENARIOS

Holy Wars 2016 will have 15 unique table scenarios designed around each themed table! Each table will have a deployment geared toward the scenario. Our goal is to create a unique tournament experience.

Players will need to make sure they have armies that can compete for the following objectives in order to win games. It's possible for you to win the main objective and still lose the game.

Table/Terrain Objective:	9 pts
Grail Token Objective:	6 pts
Secret Mission Objective:	3 pts
Most Surviving Deployed Pools:	2 pts

TABLE/TERRAIN OBJECTIVE

Information on the Table/Terrain Objectives will be released at a later date.

SCORING UNITS

A **Scoring Unit** is defined as the following: A unit that does **NOT** have the following keywords: Heroes, Monsters, Warmachines and any summoned units are not Scoring Units. These **Scoring Units** are the **ONLY** units that may claim Table/Terrain Objectives and Grail Token Objectives.

2016 HOLY WARS CLAIMING OBJECTIVES & GRAIL TOKENS

Each table will have a set number of Grail Tokens in play, these will either be preset and marked on the table map or placed per the Scenario instructions. In order to claim a Grail Token you must meet the following criteria:

In order to claim any objective or Grail Token you must have a **Scoring Unit** with more wounds worth of models than your opponent meeting the rules outlined for claiming that objective. In the case of a tie no one claims the objective.

18 PTS SPORTSMANSHIP

6 Favorite Opponent points available. One point for each favorite opponent vote.

3 Participation points available.

- 1 Point for donating one or more items worth at least \$20 retail total to the Charity Raffle.
- 1 Point for purchasing a \$20 Charity Re-roll die.
- 1 Point for voting for your favorite army.

9 Etiquette points available. **Players may be docked from these points for the following reasons:**

- Submitting or changing your army Pool after the January 28th, 2016 deadline.
- Complaints from the Hampton Inn staff
- Arguing rules disputes
- Judge's discretion

Some scenarios have a radius in which the above is calculated, Example: Have more **Scoring Units** within 3" or within 6" of the Grail Token. These will be clearly stated in the Scenario rules and all measurements should be made from the edge of the Grail Token's base. All Grail Tokens should be left on the table after the game.

SECRET MISSIONS: KEEP IT SECRET, KEEP IT SAFE

In each player pack there will be 6 Secret Mission cards. After both armies are deployed but before the first battle round each player will decide which mission they will use. Don't reveal your Secret Mission until the end of the game. At the end of each game the players will turn in the Secret Mission card they used for that game with their score sheet.

CUT THE HEAD OFF THE SNAKE: Kill all opposing models in the enemy army with the HERO keyword.

BLOOD THIRSTY: Slay an entire enemy unit in a single combat phase. (No Warscrolls restrictions. I.e. Heroes, Monsters or Units can complete this mission)

PSYCHOTIC RAGE: Successfully complete two charges that require a 10 or higher. This cannot be achieved by units that roll more than 2 dice for charges or if the units are allowed to reroll charge distances.

INTIMIDATION: Cause an enemy unit to lose its last model through Battleshock.

WITCH HUNTERS: Slay your enemies highest pool pointed unit with the Monster Keyword, if your opponent does not have a unit with the monster keyword then slay their highest pool pointed unit regardless of type. In order to achieve this mission one of your units must cause the final wound in close combat. Battleshock will not count towards this objective.

EXTERMINATION: Cause at least twice as many unsaved wounds to your opponent's army as they have inflicted on you at games end.

Army Building

POOL SYSTEM

Each Warscroll has a minimum unit size. For each pool choice selected you receive the minimum number of models from that Warscroll. For example Saurus Warriors are 1 pool choice. Their minimum unit size according to their Warscroll is 10. So to take 10 Saurus in your Total Army, it costs 1 pool choice. To take 11-20 Saurus Warriors will cost 2 pool choices. 21-30 will cost 3 pool choices etc.

TOTAL ARMY

When writing army lists you may choose from a maximum of 30 pool choices. These 30 pool choices are your "Total Army".

When writing your Total Army, you do not need to list unit sizes just how many models you are taking. For example 10 Saurus Warriors are 1 pool choice and 3 Terradons are 1.5 Pool Choices. On your Total Army you would just need to state 50 Saurus Warriors (5 Pool Choices) and 6 Terradons (3 Pool Choices).

Special Characters are allowed and can not be duplicated.

Weapon options must be stated on the Total Army under each unit as well as any other optional upgrade.

Standard Bearers must list what banner they are carrying if they have the option to take a special standard.

TOTAL ARMY EXAMPLE

An example of a Total Army list that needs to be submitted is below:

Slann Mage Priest	2
Skink Priest, Cloak of Feathers	1
Skink Chief, Golden Sickle, Blowpipe	1
Skink Chief, Ornate Club	1
Scar-Veteran on Carnosaur, Greatblade	4
Tetto'Eko	1
50 Saurus Warriors, Celestite Clubs, Full Command	5
30 Saurus Warriors, Celestite Spears, Full Command	3
30 Skinks, Meteoric Javelins, Star-Bucklers, Champion	3
20 Skinks, Boltspitters, Moonstone Clubs, Champion	2
6 Terradon Riders, Starstrike Javelins, Champion.....	3
Stegadon, Skystreak Bow	4
Total Pools:	30

Army Deployment & Summoning Restrictions

DEPLOYED FORCE

When setting up during a game you may deploy up to 20 pool choices only. This is known as your "Deployed Force". *Using the example above, deploying 11-20 Saurus Warriors in a single unit would 2 pool choices. Deploying 21-30 in a single unit would cost 3 pool choices etc.*

You may deploy any warscroll in any order and in any size. This can change from game to game.

Command models from a warscroll can be split into multiple command models. You must have the relevant model to represent the command! For example the 50 Saurus Warriors can be deployed as 5 units of 10 Saurus Warriors all with full command.

You may have 1 of each type of command model per deployed unit.

While setting up your Deployed Force the following restrictions apply. Note these restrictions do not apply to the Total Army of 30 Pools:

- You may deploy a maximum of 4 warscrolls with the Hero keyword. A warscroll with the Hero and Monster keyword counts as 2 towards this limit.
- You may deploy a maximum of 2 warscrolls with the Monster keyword. A warscroll with the Hero and Monster keyword counts as 1 towards this limit.

- You may deploy a maximum of 3 warscrolls with the Warmachine Keyword.
- No unit may contain more than 50 wounds when deployed. Deployed units may not exceed 50 wounds by any means.
- You may deploy a maximum of 50 missile attacks. This calculated by the sum of missile attacks on all deployed models' warscroll's profile. Abilities that grant extra attacks and attacks with a range of 12" or less do not count towards this limit.
- Warmachines always count as 3 missile attacks.
- Missile attacks with random numbers count as the following:
D3 – 2 attacks
D6 – 4 attacks
More than D6 – 6 attacks
- **Deployed Forces may only successful summon 1 warscroll per turn. These warscrolls cannot have the "Hero" keyword.**
- Special formations listed in the Age of Sigmar Pool Choices will be allowed. You may not break any Deployed Force rules such as maximum of 2 monsters etc. to create a formation. You must inform your opponent you have created the formation. Formation pool points must be submitted with your list to be eligible to deploy warscrolls as a formation.

Age of Sigmar Pool Choices

The Holy Wars Council will send notifications if Pool Choices are updated.

Last updated: 12/16/15 Holy Wars Council may update these rules as needed.

Army	Unit Name	Models per Scroll	Current Pool Choices
